Why grow native? Native plants thrive in our clay soil. They need little care and no chemical treatments. Resistant to drought, disease, and pests, they help preserve and improve our environment by providing the best possible food source for our native wildlife!

All proceeds from this sale support the continued care and maintenance of the Dunbar Memorial Garden

This event sponsored by the Dunbar Beta Club and the Jesse Higginbotham Technology Trust. Visit www.jessehigginbotham.com/nativesale.html for more information. We will honor a select number of pre-sale orders. Contact RWoloch@jessehigginbotham.com. Event will be held rain or shine (it is under the front canopy). Join our “3rd Annual Native Plant Sale” event on Facebook for updates on additional plant varieties that may become available.
